DRAS-TEK[®]

Disaster Recovery as a Service

THIRTY MINUTES TO GET THE BEST BUSINESS CONTINUITY IN THE INDUSTRY

DRAS-TEK[®]

BUSINESS CONTINUITY:

PRICE & PERFORMANCE *DELIVERED*

- Next Generation Disaster Recovery
- Insured Up to \$500M
- Fast Setup / No Hardware Required

DRAS-TEK[®] IS SIMPLY THE MOST EFFECT BC/DR PRODUCT ON THE MARKET. **WHY?**

Abaxio's Dras-Tek[®] instant recovery is a software-only solution that provides point-in-time data recovery and speedy restore of any failed system, either locally or remotely. VMware and Hyper-V certified solution. Operate "business as usual" within a moment, and breathe easier with the time and resources to fully recover without incurring downtime. Automatic monthly testing certifies your Recovery Time Objective meets internal objectives.

Instant Recovery. DRAS-Tek recovers any server instantly on your network or ours providing immunity from any data disaster. Hardware independent, whether physical or virtual, bare metal, any operating system, Windows or Linux.

Scalability. DRAS-Tek is fully scalable, hardware-less solution. It can be deployed remotely, on any server or workstation, without expensive hardware, at a fraction of the cost and complexity of competing solutions.

Fast, Turn-key Setup. DRAS-Tek takes about 10 minutes to configure per server, and our technicians can do it for you remotely at no extra cost. All data is fully encrypted in motion and at rest.

Granular Recovery for MS Exchange. DRAS-Tek can instantly restore everything from individual email & contact items to your entire Exchange server. Point-in-time recovery windows from 7 days to 7 years and more to satisfy any internal compliance mandate.

Credibility. DRAS-Tek is backed by up to \$500M by our A+ rated insurance underwriters against a hack, breach, or network downtime. Please call for details of the coverage and for a sample policy.

Free Support 24x7. The Abaxio team has the highest rated credentials in the industry. Let the talent of our 50+ team of security experts go to work for you. We are online and standing by 24x7.

Find out how easy it is to be up and running. Contact Louis Allan, Vice President, Sales.
